For sale: exceptional land in Biot close to Mougins/Cannes/Valbonne

Located in a cul-de-sac within a private estate (not gated), this land combines tranquility, security, and immediate proximity to all the necessary amenities for a comfortable and luxurious life. The strategic location provides easy access to Cannes, Nice, prestigious golf courses, as well as quality schools and shops, making this land a top choice for families and investors. Due to the rarity and exceptional features of this land, the investment is not only safe but also potentially very lucrative, with a projected valuation well above the total cost of acquisition and construction.

With a Floor Space Ratio (FSR) of 30%, this land offers a unique construction opportunity in the region, allowing for the creation of large properties rarely possible elsewhere. The already cleared building permit ensures administrative flexibility and quick approval of a new similar project, allowing construction to start without excessive delays. All essential connections are already installed, reducing the costs and time needed for basic infrastructure setup.
